### Course Syllabus

#### Introduction

Today's organisation deals with ever increasing levels of complexity and the ever increasing speed of change. In order to achieve maximum effectiveness managers must continually sharpen their skills. In this programme you will study how to:

- Understand and apply best practices of the business analysis discipline
- Conduct a business-needs analysis to elicit stakeholder requirements
- Utilise methods, tools and techniques to identify issues and opportunities
- Develop effective requirements and communication plans
- Prepare, manage and implement solution assessment and validation

#### objectives

Knowledge (PMBOK® Guide) – 5th Edition

- Understand and apply the systematic framework for conducting business analysis activities through the phases of the business analysis life cycle
- Provide best practices and theory with practical tools and techniques that can be applied immediately in your own organisation
