Course Syllabus

Introduction:

This five-day course on Diplomacy and Effective Communication Skills is designed to equip participants with essential diplomatic communication techniques needed for successful engagement in international relations and conflict resolution. Participants will learn how to communicate persuasively, manage negotiations, and handle cross-cultural interactions with poise and sensitivity. Through a blend of theoretical insights and practical exercises, attendees will enhance their ability to deliver impactful speeches, engage effectively with the media, and apply diplomatic strategies to real-world scenarios.

Objectives :

1. Understand the fundamentals of diplomacy and the importance of effective communication in diplomatic contexts.
2. Develop advanced negotiation and conflict resolution skills.

- Enhance the ability to manage crisis communication and maintain composure under pressure.
