Course Syllabus

Introduction

This course will examine an organization's revenue that is spent on goods and services - everything from raw materials to spares and stocks. Hence, when the goal is to increase earnings by lowering costs, world-class organizations look closely at their purchasing strategies.

Success in purchasing is dependent not only on an awareness of the potential opportunities, but more importantly, and the focus of this course, is the knowledgeable implementation of the methods, processes, and techniques that should be utilized in order to become a leader in obtaining real supply management savings through negotiations and understanding cost reduction

This course will feature:

- Approaches in negotiations

Objectives

- Examine the key features in spend profiles
- Evaluating costing reduction opportunities
- Understanding supplier pricing structures
- Apply purchasing strategic plans
- Develop common approaches in planning for negotiations
